Sub: Inputs for Landmark Achievements in Engineering and Technology in Independent India

Dear Sir/ Madam,

Greetings from Indian National Academy of Engineering (INAE)!

As you may be aware, the Government of India has launched a 75-week celebration of India's 75th anniversary of Independence (*Azadi ka Amrit Mahotsav*) until 15th August 2022. Indian National Academy of Engineering (INAE) will publish a compendium of the 75 most significant and eminent engineering and technological achievements of the country either by individuals or through collective efforts to showcase the country's seminal achievements in this domain.

I am delighted to inform that with a view to engage higher secondary students and college students of our country and spread awareness among the Youth of India, an all-India competition for students has been organized inviting upto 10 Landmark engineering feats/achievements since independence. The entries received from students through this competition which match with the 75 achievements selected by INAE experts would be declared winners of attractive prizes worth up to a total of Rs 2 lakhs.

Besides the competition for students, inputs are also sought from the esteemed faculty of your academic institution on the same webpage with a view to gather inputs from the Academicians from leading institutions of the country.

The link for students to participate in the competition and for faculty to submit their entries in the Non-student category is given below.

[Contest form](#)

You are requested to disseminate the link and relevant information regarding this competition and initiative to the students and faculty of your institution to enable their participation and submitting of entries/inputs online. The webpage is self explanatory and option is provided for students (in student category) as well as faculty (under Non-student category) to submit their entries on the same Webpage.

We would be delighted to solicit your cooperation for wide dissemination of the above information to maximum students and faculty from your esteemed organization thereby contributing to this important initiative of INAE undertaken under the aegis of the *Azadi ka Amrit Mahotsav celebrations*.

For popularizing the competition for students and contributions from the faculty an e-poster has also been attached. You may please also visit INAE Website www.inae.in and Instagram/Facebook account of INAE (@inaehq) for further details.

With warm regards,

Yours sincerely,

Lt Col Shobhit Rai (Retd)
