Date: October 26, 2017

**Notification for**

**One Day International Workshop on "Flood Disaster & Management" to be held on December 29, 2017 (Friday), at Jadavpur University, Kolkata 700032**

We are aware about the regular disasters happening worldwide. India is one of the countries, those which are facing different type disasters of regularly. At the moment practically, we are not in a position to combat those, but managing the crisis and experiencing huge loss in terms of social and ecological elements, including the amenities. Therefore, there is a need to critically examine the disaster management structures / system in terms of disaster preparedness, and suggest measures to reduce the impact of disaster and make it more effective. India needs huge manpower, having technical expertise, in the management of disasters, certainly in terms of preparedness. Also UGC is emphasizing on the **institutionalization of Disaster Management**.

In the above context, we are going to organise a One Day International Workshop on "**Flood Disaster & Management**". This is to inform you that the One Day International Workshop will be held on **December 29, 2017 (Friday)**, under the auspices of the "**Centre for Disaster Preparedness & Management**", Jadavpur University, Kolkata 700032.
