Aims and Objective of the Seminar :

Department of Mathematics, Jadavpur University is renowned for its contribution in teaching and research in Mathematics. The proposed seminar aims to provide a platform to the researchers, academicians and scientists to discuss and share their new thoughts, ideas and research outcomes for propagation of recent developments in the field of Mathematics and related areas. Experience gathered in this seminar would benefit its participants to a greater extent. The schedule will include invited lectures, panel discussions and paper presentations on a wide range of topics.

Areas and Topics to be covered :

Algebra, Analysis, Topology, Discrete Mathematics, Graph Theory, Number theory and Logic, Operator theory, Geometry, Probability and Statistics, Fuzzy Set Theory, Classical Fluid and Solid Mechanics, Mathematical Biology, Mathematical Modeling, Computational Fluid Dynamics, Nonlinear Dynamics, Optimization, Gravitation and Cosmology.
