

Re-opening of Jadavpur University Campus and the Advisory for maintaining COVID norms as formulated by Govt. of West Bengal

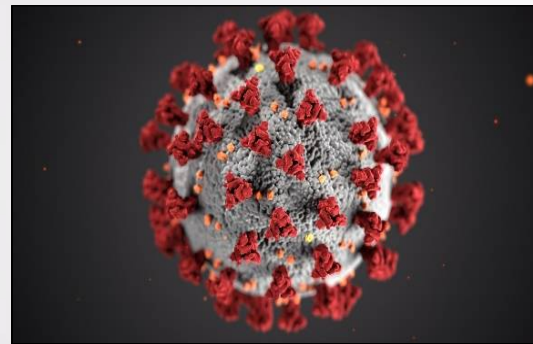

A joint initiative of Office of Dean of Students and NSS-JU

Dr. Mitali Deb
*Medical Superintendent,
Jadavpur University*

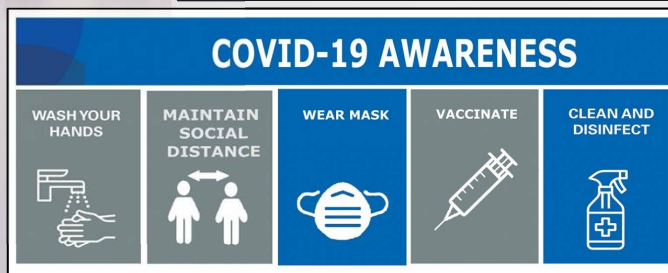

COVID norms to be followed by all stakeholders of the campus (students, teachers and non teaching staffs)

- Wear mask which covers nose and mouth all the time.
- Maintain physical distance everywhere even at entrance and exit.
- Do not cover your mouth with your palm. Use your elbow instead, during coughing or sneezing or use tissue papers.
- Dispose your used tissue papers in a covered dustbin.
- Wash your hands frequently with soap and water or sanitize.

COVID norms to be followed by all stakeholders of the campus (students, teachers and non teaching staffs)

- Avoid touching frequently touched surfaces otherwise you must sanitize your hands afterwards.
- Do not spit here and there as it help spreading corona virus.
- Do not touch your face anytime unless it is washed clean.
- Do not form close cluster or gathering with friends or other people.
- Always maintain a queue in crowded places to maintain physical distance.
- Try to bring your own tiffin, drinking water and sanitizer.

COVID norms to be followed by all stakeholders of the campus (students, teachers and non teaching staffs)

- Do not share books, pens, laptops or other belongings of your friends.
- Do sit at your assigned place or maintain distance and request others to do the same.
- Everyone should be self disciplined.
- Everyone should screen themselves for flu like symptoms.
- Do not come to the institution if you have any symptom.

COVID norms to be followed by all stakeholders of the campus (students, teachers and non teaching staffs)

- Health team will assist you if you have any problem at the campus.
- Flush the toilets adequately and wash your hands with soap once done.
- Do not panic with COVID.
- Teachers should keep watch on their students whether they are following COVID guidelines or not and he or she should alert them about the rules.
- Teachers must keep an eye on their students whether they are having any mental health problems or not.

COVID norms to be followed by all stakeholders of the campus (students, teachers and non teaching staffs)

- Verbal assistance or gesture to peers who are not able to maintain physical distancing and mask.
- Avoid junk food, drink plenty of water, practice yoga to improve your immunity.
- We must win the battle against COVID pandemic by will power and continuous perseverance.
